Letter from Our Principal

St. Michael’s Academy has quite a story. Five schools merged together to form the only Catholic elementary school in Springfield, and then two years later, was hit by a tornado. Now, three years later, we are in the middle of implementing our five year strategic plan, “Ignite and Achieve Excellence: 2017”.

Walking through our halls, it is obvious that our classrooms are alive with learning. The SMART Boards have become an integral part of our teachers’ lessons. 8th grade students are logging onto laptops researching class projects. Elementary students are actively engaged in our new reading series. Professional development equipped our teachers with knowledge to broaden their proficiency in the areas of math, reading, and SMART Board technology. Tuition assistance was supplemented, thanks to proceeds raised from our first 5K for SMA, initiated by faculty and staff. In addition, a Fitness Team and Math Club were created to provide our Middle Level with student life enhancements. St. Michael’s Academy was able to provide an additional $25,000 in overall raises to a dedicated faculty that is earning less than 65% of their public school counterparts.

We are blessed by our many constituents who have united in support of our mission by contributing to our first Fund for St. Michael’s Academy Campaign. Each day, SMA strives to inspire and challenge students to live the mission in a faith-filled atmosphere. What better example of living the Word of God!

Sincerely,
Ann Dougal

Thanks to Your Generosity

Words cannot express our gratitude for the unbelievable support The Fund for St. Michael’s Academy received last year thanks to the generous gifts of time, talent and treasure from our SMA community. We have so much to be thankful for as we reflect over the past year, but the greatest gift of all is your commitment to St. Michael’s Academy. By investing in SMA you have helped transform the lives of our students. Just take a look at the list of Highlights of 2013-14.

Highlights of 2013-14

- Purchased a new Reading Series for K-5 to better align with common core
- Provided faculty Professional Development in the areas of technology, mathematics and K-5 reading
- Launched a new website
- Launched the Messenger, a weekly electronic newsletter
- Purchased and implemented Rediker software, a comprehensive student database, including attendance and report card modules
- Developed and implemented Together We Stand/D’Amour Gifts Challenge Campaign
- Installed a new corner school sign (Eddywood and Plumtree)
- Installed air-conditioning in computer lab
- Installed wireless network for entire building
- Installed 16 new SMART Boards and projectors in grades 2-8
- Converted all chalkboards to whiteboards
- Purchased laptops for faculty members
- Implemented Adopt-a-Priest program
- Established a Fitness Team for Middle Level students
- Instituted a Math Club for 6th grade
- Hosted a 5K for SMA Run to raise funds for tuition assistance
- Received $75,000 estate gift designated for tuition assistance
- Raised $185,000 during the first year of implementing The Fund for St. Michael’s Academy
SMART Boards Arrive

The installation of 16 new SMART Boards and projectors has elevated the learning curve at St. Michael’s Academy by providing another tool for the teachers to enhance and complement the learning process. Professional development provided our faculty with the confidence and knowledge necessary to utilize this tool daily.

What students seem to love the most is the fact that this tool provides for collective and interactive learning. Students are editing paragraphs on the board, adding notes to frozen webpages, using tools such as a blank coordinate graph, and using clickers for tests and quizzes.

Our teachers are currently using the interactive review games provided through our Religion series, and integrating the daily story lessons from our new Reading series. Math tutorial videos and grammar games are also being incorporated into daily lesson plans. Whether classes are viewing Discovery Education videos, Scholastic News articles or reviewing material before a test, our students are collectively engaged in the learning process.

SMART Boards are also being used as a helpful classroom management device by allowing teachers to track lunch counts, take attendance, post homework assignments and take notes. By utilizing this tool, these day-to-day activities become less time consuming and cumbersome, providing more quality teaching time in the classroom.

Our teachers are constantly looking for innovative and creative ways to educate our students, while addressing the variety of learning styles. SMART Boards provide them with a competitive state of the art tool to do what they do best, engage the entire class, and inspire enthusiasm, joy and a passion for learning.

Celebrating Our Faith

Students Place 3rd in National Competition

Imagine an 8th grade project so exciting, stimulating and creative, 7th grade students begin anticipating it a year in advance! Four years ago, St. Michael’s Academy embraced the School of the Future Competition, a project based learning exercise sponsored by the Council of Educational Facility Planners International, as part of the 8th grade program. Our 8th grade teachers have been inspiring our students ever since.

Through this capstone, students must collaborate and learn to function as a team, while focusing on each of their individual strengths. Over a period of five months, they must create a scaled model using Google SketchUp and other multi-media tools, while incorporating green technologies. Not only do they work within a budget to create the most efficient learning space, but they also build their scaled model entirely from recycled materials. Once this has been completed, they must articulate their project in front of a panel of judges. What a task!

After successfully winning the school and state competitions during the past four years, each one of our teams has competed at the Northeast Regional Level. We are pleased to announce our 2014 School of the Future Team recently traveled to Portland, Oregon to compete at the CEFPI Annual Conference & Expo. Our graduates returned home carrying the third place trophy! Overall, competition involved 1000 schools and our 2014 team, Adriana, Ali, Joancy, Liam, Maggie, Nick, and Nora presented themselves with poise, confidence, and finesse.

Achievements such as this can only be accomplished when both school and home support a common mission. We are blessed at St. Michael’s Academy to share in the belief that the education and faith journey of each child is a shared responsibility between family and school. The success of School of the Future confirms that partnership with families. Our 2014 team has proven that the future is bright.
The cost to educate a child at St. Michael’s Academy was over $4500 per student in grades K to 8 during the 2013-14 academic year, while the tuition was $3750 per child. An investment in a Catholic education reaps a lifetime of rewards for our students. Due to the generosity of our donors who financially support the mission and vision of Catholic education, St. Michael’s Academy is able to offer tuition rates below the actual costs to operate. Thank you to our Board of Trustees, faculty and staff, parents, grandparents, area parishioners, alumni, friends, and the Diocese of Springfield who make St. Michael’s Academy possible with their annual support.

The following charts provide an overview of the Sources of Revenue and the Expenses to operate St. Michael’s Academy during the 2013/14 fiscal year.

**Letters from Our Strategic Leaders**

Dear Benefactors of St. Michael’s Academy,

It is with a grateful heart that I write to thank you all for your generous contributions to the first annual campaign for the Fund for St. Michael’s Academy. At this time two years ago, over eighty volunteers representing many aspects of the school and the community came together to write a comprehensive strategic plan for the future of SMA, “Ignite and Achieve Excellence: 2017”. We knew that we were coming up with ambitious goals, but we were all energized by our common desire to promote excellence in Catholic education in Springfield. We also knew that some of our stated goals were going to require financial resources above and beyond what the school had at the time. That’s where the Fund for St. Michael’s Academy came in. With the Fund surpassing every goal that was set for the first year, we were able to begin right away to fulfill many of the strategic plan goals, as outlined by Ann Dougal in her Letter from the Principal.

When the strategic planning committee was “dreaming big” two years ago, we did not know where St. Michael’s Academy was going to be able to find the funds to finance the big ticket items. However, luckily there are so many committed people (parents, grandparents, faculty & staff, parishioners, local business people, alumni of our heritage schools and many more) who were ignited by this process and share our vision of achieving excellence at St. Michael’s Academy. I am so grateful to each of you for your support and generosity. I also deeply appreciate Michele and Donald D’Amour, whose personal commitment to Catholic education in the Springfield Diocese is unparalleled and whose D’Amour 300 Gifts Challenge helped to motivate many others to give as well. Through the combined efforts of so many generous benefactors, we have truly begun a significant and sustainable source of unrestricted revenue for St. Michael’s Academy. Each donation has helped SMA educate the students, our children, in faith, values and academic excellence. I cannot think of a better way to invest in the future!

With Deep Appreciation,

Josephine S. Rodriguez
Chairperson of the Strategic Planning Committee

Dear St. Michael’s Academy Community,

Working on the “First Annual Fund Drive” for St. Michael’s Academy this past year was a combination of hard work and gratefulness for both of us. As the co-chairpersons of the committee, we were continually impressed by the work and commitment of our volunteers, and so very thankful for the generosity of each of our contributors who made the Fundraiser such a wonderful success.

A special thank you goes to Michele and Donald D’Amour, who provided us with a challenge grant that stimulated us to work and recruit, even when we wanted to slow down.

“God is good” and so are all who made the Fund for St. Michael’s Academy such a wonderful success. Thank you, each and every one of you.

Sincerely,

Paul and Jo Sears
Fund for St. Michael’s Academy
Co-Chairperson

MISSION STATEMENT

It is the mission of St. Michael’s Academy to teach and share the traditions of the Roman Catholic faith and promote academic excellence within a safe and nurturing environment that welcomes and respects individuals of all backgrounds, cultures and faiths. In partnership with the parents, we guide students to develop to their fullest potential, as responsible citizens of the world, instilled with a strong set of moral values, a sense of service, and a love of learning.
